
Mount Mahler - 10/31/09

Posted by Brian Kalet - 2009/11/01 22:43

Access from Fort Collins, CO:
CO 14 West to Cameron Pass
Continue West 3.9 miles to a parking area on the south side of the road
Drive Time: 1:35

I skinned up the Seven Utes Trail to the Mount Mahler-Seven Utes Mountain saddle, then continued up Mount Mahler's west ridge to the summit. I heard and felt many whumpfs below the saddle, but primarily above it, but stayed on low angle terrain to prevent any slides from occurring.

Elevation: ~3120'
Distance: ~7 miles
Time: 5 h
